Dear Sir:

Subject: Order No. 2005-628 dated October 31, 2005  
Ref: Docket No. 2004-219-E  
Progress Energy vs. Weaver

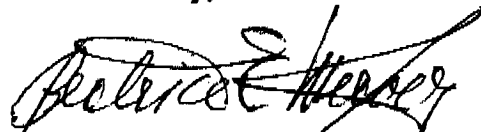

For the record:

Your Office is hereby formally advised and given notice of the following with respect to the subject Order and Petitioner's Letter requesting withdrawal of its vindictive, frivolous and nuisance Petition:

1. For the record please be advised that I hereby formally **object** to the subject Order being withdrawn "without prejudice." The Order should be and is hereby requested to be amended and issued "with prejudice." Please inform me in timely manner if this letter will serve as sufficient notice for such a request for amendment, or if your Office requires me to submit a formal Motion to that effect.
2. Your office has not responded to my formal request for an explanation as to why I never received a copy of the Petitioner's request to withdraw as mandated by rules, from either the Petitioner or your Office prior to the Commission's deliberation of the matter. Please do so. Was there a Hearing on this request? If so, when and where, attended by whom?
3. You are hereby given notice that I have not withdrawn my counterclaims against Petitioner which remain pending before the Commission. This will be addressed next year (2006) following completion of my radiation treatment for cancer condition of which you have been given due notice.
4. You are formally requested to have Petitioner provide a detailed explanation as to exactly what conditions were changed that prompted the request to withdraw the Petition, keeping in mind that I have been out of South Carolina for almost the entire year of 2005.

5. You are again given notice that Petitioner has not changed its inadequate service and negligent practices and it continues to refuse and neglects to use the designated gate (since 1994) for ingress and egress, for which it has had a key since 1994. I request the Commission to order Petitioner to use the correct designated ingress/egress gate.

Yours sincerely,
